📍 Aftabnaagr, Dhaka, BD

EDUCATION

B.Sc. in Computer Science & Eng.
American International University – BD
2022-2025

SKILLS

Frontend-

HTML, CSS, Tailwind, Bootstrap,
React, JavaScript

Backend-

Python, Django REST API

Database-

MySQL, PostgreSQL, MongoDB

Soft Skills-

Problem solving, teamwork, quick
learning

WORK EXPERIENCE

Full-Stack & Frontend Developer — ParkSpotter (Team Project)

2024

1 Month | React, Django REST, Mapbox, Redux

- Contributed 150+ commits and managed GitHub workflows
- Built JWT auth, slot booking, dashboards & optimized UI performance
- Improved response time up to 50% through data virtualization and caching
- Integrated Mapbox clustering and smart rendering for faster location loading

PROJECTS

JustGive – Book Donation Platform

2024

React, Tailwind, Django REST API

Users can donate books, earn coins, buy gifts, and leave reviews. Admin can manage gifts and pricing.

🔗 Code: [github.com/sinu5550/Quizistic](#)

DevTech - IT Solutions Agency Website

2025

ReactJS, Tailwind, GSAP

Where users can learn about the company, explore their work, and contact them for solutions. Smooth scrolling and awesome animations are implemented for enhanced UI/UX. Future Updates: Client login, support chat, quote-based orders, and personalized dashboards for both clients and admin to track orders, pricing, and client details.
